PNAE MEETING

APRIL 2017

NAPLES

Mariagrazia Greco

MAIN PROBLEMS CONCERNING PEDIATRIC NURSING

- Awareness of the importance of a specific professional figure
- Difficulty in entering the job world

WHAT FUTURE FOR THE PEDIATRIC NURSING

Emerging Issues

1. Unemployment of Pediatric Nurses
2. Management of" young" adults in Pediatric Hospitals
3. Management of the children in Hospitals for Adults.

Emerging Issues

1. Unemployment of pediatric nurses

Health care professionals, for reasons of flexible resource management, prefer to hire general care nurses.

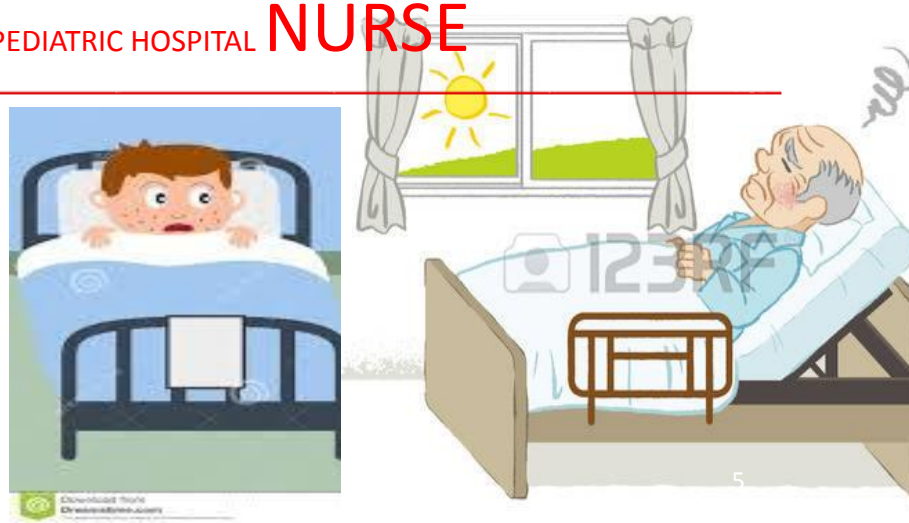

PEDIATRIC HOSPITALS

2. Management of "Young" Adults in Pediatric Hospitals
3. Management of Children in Hospitals for Adults.

PEDIATRIC HOSPITAL NURSE

PEDIATRIC HOSPITAL NURSE

PEDIATRIC HOSPITAL

3-5% of the patients with age > to 18

95-97% of newborn and children
